PLANNING COORDINATION GROUP
Washington, D. C.

October 14, 1955

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Progress Report on NSC 5502/1 -- U. S. Policy Toward
Russian Anti-Soviet Political Activities

The coordination of the implementation of NSC 5502/1 is a responsibility of the Planning Coordination Group which has not been discharged pending completion of work on the implementation of NSC 5505/1. Now that a draft progress report and a draft outline plan for NSC 5505/1 are under way, it seems appropriate to consider NSC 5502/1 more actively.

Since the courses of action which are currently subject to implementation under NSC 5502/1 are predominantly covert ones, I believe you will wish to take the lead in drafting a progress report on NSC 5502/1 for submission by the PCG to the NSC. I would appreciate having your views on this matter, which we can then discuss with representatives of the PCG.

I would also appreciate your comments on whether or not an outline plan of operations should be drawn up for NSC 5502/1 and, if so, how this should be done, again in the light of the fact that the actions possible in this area are almost entirely covert ones.

Nelson A. Rockefeller, Chairman
Planning Coordination Group
